

California Governor's Office of Emergency Services
EXECUTIVE SUMMARY – Severe Weather
Flash Flooding, Southern California
September 7, 2014 at 1745 hours

SITUATION OVERVIEW:

Norbert was downgraded to a Tropical Storm earlier today, and further weakening is forecast as it moves west-northwest through Monday morning.

Thunderstorms continue to occur this afternoon and are forecast into the evening over the mountains, deserts and inland valleys of Southern California. The primary threat remains flash flooding.

Flash Flood Warnings remain in effect for portions of San Bernardino and Inyo Counties. County Warning Points continue to be briefed by the California State Warning Center.

Flash Flood Watches remain in effect for portions of San Bernardino, Riverside, San Diego and Inyo Counties. County Warning Points continue to be briefed by the California State Warning Center.

Road Closures:

Riverside, Mountain Center- State Route 74 is closed from 12 miles west of the Junction of State Route 243 to the Junction of State Route 243 due to flooding. The estimated time of reopening is unknown.

Cal OES Southern Region:

The Cal OES Southern Region Duty Officer (SDO) is in the process of polling potentially affected Operational Areas for reports of impact.

Report will be updated as information becomes available.
